

Cheers to a tasteful cup size!

KNIVES OUT!

Breast Strokes

Smaller implants have given rise to a new surgical procedure, and even some exotic dancers are fans

BY ELIZABETH SIEGEL

JANUARY 2026

Fashion implants, yoga boobs, ballerina breasts—they're all current descriptions for this tasteful size. Even exotic dancers are going for smaller breasts now, according to one plastic surgeon. This aesthetic fits neatly into the current wellness culture and the clothes that go along with it. Some women are flying to New York for augmentations with “an east coast aesthetic, more sotto voce and not screaming through a megaphone,” says Dr. Adam R. Kolker, a double board-certified plastic surgeon in New York City, who specializes in breast augmentation.
